KEVIN LOPEZ

FRONTEND DEVELOPER | REACT & NEXT.JS

Miami, FL | +1 (929) 430-9229 | klopezg95@gmail.com

linkedin.com/in/klop95 | github.com/klopezg95

PROFILE

Frontend developer with hands-on experience building personal web projects using JavaScript, React, Next.js, and Tailwind CSS. Project work includes interactive interfaces, shared application state, shopping cart functionality, and browser-based data persistence. Seeking a junior frontend developer role.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3
Frontend: React, Next.js, Tailwind CSS, Context API, React Hooks
Tools: Git, GitHub, Vite, Vercel

SELECTED PROJECTS

RoomFlow | React, Tailwind CSS | In development

github.com/klopezg95/RoomFlow

• Building a room-management interface based on a real workplace workflow.
• Implemented name-based search, staff selection, availability toggles, and room status displays using reusable React components and state updates.

E-commerce Store | React, Context API

github.com/klopezg95/Ecommerce

• Developed a shopping cart application with shared state managed through React Context API.
• Built product management features and a checkout interface.

Task Manager | React, React Hooks, localStorage

github.com/klopezg95/TODO-task

• Implemented task creation, editing, deletion, and filtering in a responsive interface.
• Managed application state with React Hooks and persisted task data using localStorage.

Netflix Clone | Next.js | In development

github.com/klopezg95/CLONETFLIX

• Developing a streaming-style web application as a personal learning project.
